Dorset Recreation Reserve Enhancement Plan

Community update - December 2020

In July 2020, Council provided key stakeholders and the community with an update on the Dorset Recreation Reserve Enhancement Plan. Further to this update, Council has now developed a schedule of works and proposed timelines for the enhanced sporting facilities component.

The sporting facilities component of the enhancement plan includes the redevelopment of the current sports pavilion into a new multipurpose community sports hub. The facility will be home to the Croydon City Soccer Club and the Victorian Burmese/Myanmar community.

Proposed timelines for works to be undertaken at Dorset Recreation Reserve include:

Monday 7 December	Demolition of the existing Dorset Pavilion Works on site should take approximately two weeks.
Mid-January 2021	Major utilities installation on site A temporary closure of the service road into the reserve may be required to ensure the provision of these services can be completed safely.
March 2021	Pavilion construction.
Mid-2021	Development of pitches, lighting and associated infrastructure.
Late 2021	Car park enhancements Access and car parking for the walking track will not be available during these works.

Other minor works to enhance the sporting facilities in the reserve will be undertaken throughout 2021. The facility is being funded by Maroondah City Council with \$2million from both the Australian and Victorian Governments.

If you have any questions regarding the Dorset Recreation Reserve Enhancement Plan, please call us on 1300 88 22 33 or 9298 4598.
